PROFESSIONAL SUMMARY

5th-semester BCA.IT student at Pokhara University with hands-on experience in web development, IT systems support, and applied AI. Recognized internationally through U-GO's global publication for leading AI training initiatives across eight countries, helping over 3,000 scholars build practical AI skills. Proven leadership, public speaking, and mentoring ability, with a strong commitment to continuous learning and to expanding opportunities for women in technology.

SKILLS

Programming Languages: Python, HTML, CSS, JavaScript, C

Development Tools: Git, GitHub, VS Code, Substack

Leadership & Team Management: Led U-GO Nepal scholars; coordinated college and extracurricular teams

Communication & Public Speaking: Hosted programs and engaged international participants at global summits

Teaching & Mentoring: Guided students in Biological Science and AI fundamentals

IT SUPPORT & SYSTEMS ADMINISTRATION

Hands-on training and practical experience in end-user support, Windows and Windows Server, Active Directory and Group Policy, Microsoft 365, Exchange, SharePoint and Teams, networking (TCP/IP, DHCP, DNS, VPN, routers, switches and Wi-Fi), Hyper-V and VMware, file servers and NTFS permissions, backup and disaster recovery, Intune and endpoint management, RMM/MDM tools, Azure and AWS fundamentals, IT ticketing, SLA management, remote troubleshooting and phone-based technical support.

PROJECTS

Currency Converter - Built a real-time currency conversion tool in HTML, CSS and JavaScript with input validation and a responsive interface.

Tic Tac Toe Game - Developed a two-player game in JavaScript with win/draw detection logic and CSS-based visual feedback.

Rock, Paper, Scissors Game - Created a player-vs-computer game with randomized logic, winner detection, and a dynamic score display.

Route Way System - Designed a route-planning application that calculates the shortest and most efficient path between locations using graph-based algorithms, with a focus on clean logic and usable output.

EDUCATION

Pokhara University - Bachelor in Computer Application (BCA.IT) | Kathmandu, Nepal | 2024-2028

5th Semester (Ongoing) | Cumulative CGPA: 3.60 | U-GO Scholarship Recipient

Everest Florida High School - Higher Secondary Education in Science | Kathmandu, Nepal | 2022-2024

Cumulative CGPA: 3.55 | Full tuition scholarship based on college entrance examination

ACHIEVEMENTS & RECOGNITION

- Featured in U-GO's official global publication, "The Ripple Effect," as a standout scholar recognized for pioneering AI training among scholars and driving a 97% AI-course completion rate across 3,000+ scholars in eight countries.
- Ambassador of U-GO Nepal (2025), representing Nepali scholars globally.
- Attended the U-GO Global Summit in Vietnam (2025), engaging in international collaboration and networking.
- Participated in the NASA Space Apps Challenge (2024), collaborating on tech-driven solutions for space and Earth sciences.
- Certified in U-GO AI Workshops and Advanced Courses.
